

# TG8010 Gravity Feeding Bagging Scale

## Detailed Product Description

Suitable for free-fall material  
Capacity:20-50kg  
8-10bags/min

Gravity feeding bagging Scale use free-fall principle and are equipped with pneumatic gate. Suitable for granular particles such as rice, grain, granular fertilizer, plastic resin, salt. Free fall with vibrating system as flow controller. 2 levels of weighing process for faster weighing accuracy.

### Specification

Weighing system	Model	Capacity	Speed	Accuracy	Power	Power supply	Air compress (MPa)
		(kg/bag)	(bag/min)		(kw)		
Net Scale	TG8010	20-50	10	X0.2	0.4	1ph220Vac	0.4-0.6
	Tg8010	5-20	9	X0.2	0.4		
	TGV8010	20-50	10	X0.2	0.4		
Gross Scale	TGWDS50	20-50	6	X0.2	0.4		
	TGwds20	5-20	6	X0.2	0.4
